

Name Jan Luijendijk
Year of birth 1949
Nationality Dutch
Present position Head Scientific Department Hydroinformatics and Knowledge Management
Years with firm From 1986 – present

EDUCATION

1976 - M.Sc. Degree in Civil Engineering, Delft University of Technology

EMPLOYMENT RECORD

2000-date - Head Hydroinformatics and Knowledge Management Department, UNESCO-IHE
1995-date - Project Director of CB projects, like the Nile Basin Capacity Building Network for River Engineering and the Collaborative Knowledge Network for Indonesia.
1997 - 2003 - Knowledge Management co-ordinator; Project director of Capacity Building programmes in Yemen, China, Egypt and Indonesia
1990-1997 - Vice-Rector IHE-Delft and Head of the Department for Hydraulic Engineering.
1988-1990 - Senior lecturer in Hydraulic Engineering; course coordinator
1986-1988 - Capacity Building advisor for IHE in Bandung, Indonesia (Ministry of PW)
1985-1986 - Research coordinator on Lowland development in Indonesia, Jakarta,
1975-1986 - Scientific staff member of the Water Management Section, Delft University of Technology, Civil Engineering Department.

KEY QUALIFICATIONS

Ir. J. Luijendijk has over 30 years professional experience in the field of Land and Water Engineering, Integrated Water Resources Development and Capacity Building Programs for the water sector. He worked for 10 years as Associate Professor in Land and water Development at the Delft University of Technology. For the last 20 years he joined UNESCO-IHE where he had a variety of scientific and management positions. For two terms (8 years) he was Vice-Rector of IHE and Head of the Hydraulic Engineering Department. At the moment he is Head of the Hydroinformatics and Knowledge Management Department. He has been senior Project Director of several of IHE's strategic long-term Capacity Building Programs in developing countries for the last 15-20 years in Asia, East-Africa and the Middle East.

Key qualifications

- **Professional expert in Integrated Water Resources Management**
Specialized in Drainage, Irrigation, Hydroinformatics and Knowledge Management
- **Capacity Building expert for the water sector**
Extensive international experience in Capacity Building activities through participation in short (feasibility, formulation, review and evaluation) missions for World Bank, Asian Development Bank, Dutch Government and others to the following countries: Bangladesh, China, Egypt, Ethiopia, Indonesia, Israel, Kenya, Libya, Peru, South Korea, Sudan, Surinam, Tanzania, Uganda and Yemen.
- **Expert in developing Knowledge Networks**
During the last 10-15 years increased experience with the development of professional networks (Knowledge networks and Communities of Practice) to activate and stimulate applied research and other collaborative work, like joint curriculum development. Special emphasis is on the Nile region (Egypt, Sudan, Ethiopia, Eritrea, Kenya, Tanzania, Rwanda, Burundi, D.R. Congo and Uganda) and Indonesia.

MAIN DISCIPLINE / SPECIALISATION

- Land and Water management of rural and urban areas
- Hydrology
- Physical planning
- Knowledge management
- Capacity Building

EXPERIENCE RECORD

- Capacity Building Long-term experience**
- **Bandung, Indonesia (1986-1999)**, Advisor of the Lowland and Coastal Development branch, Min. of Public Works (3 years Res. Eng, 10 years project director)
 - **Sana'a, Yemen (1989-2002)**, Project Director of a long-term Capacity Building Programme in Water and Environment with the Sana'a University and the Water sector institutions;
 - **Cairo, Egypt (1995-2003)**, Project Director of a Regional Capacity Building Programme in Hydraulic Engineering and the Nile Basin Capacity Building Network for River Engineering with the Hydraulic Research Institute of the Ministry of Water Resources and Irrigation;
 - **Beijing (1996 – 2003), China**, Project director and advisor of several training and Capacity building programmes with the Ministry of Water Resources;

EXPERIENCE in CONSULTANCY, PROJECT ASSIGNMENTS and EDUCATION

Missions abroad

2007

- Cairo, March 2007 - Kick-off workshop with the main researchers of the NBCBN-RE network to formulate the research agenda for 2006-2009. Steering Committee meeting

2006

- Cairo, Oct/Nov 2006 - Preparation mission for the Kick-off workshop
- Jakarta, September 2006 - Back-stopping mission to the NPT/CKNet-INA network
- Rwanda/Burundi, June 2006 - Nile Basin Capacity Building Network Launch events
- Mexico, March 2006 - Participation in the 4th World Water Forum in Mexico City. Convening a special session on "New concepts and tools for Education and Capacity Building to achieve the MDG's".
- Burundi, March 2006 - Fact-finding missions to prepare for NBCBN launch event
- Rwanda, February 2006 - Fact-finding missions to prepare for NBCBN launch event
- Indonesia, January 2006 - In the context of the CKNet-INA NPT support project making a Quick Scan of the CKNet-WRIM situation with visits to universities in Surabaya (ITS), Semarang (UNDIP), Malang (UNMER), Yogyakarta (UGM) and Makassar (UNHAS).

2005

- Beijing, September 2005 - Attending the 19th ICID Congress with presentations on "Capacity Building and Social Learning" and "Networking for Capacity Building".
- Paris, Geneva 2005 - Preparatory meetings for the development of Chapter 11 in the WWDR-II: "Enhancing Knowledge and Capacity"

2004

- Bandung, August 2004 - Project director of a Capacity Building Programme for CKNet, a consortium of 10 Indonesian Universities; the objective is to build Academic Co-operation and developing training modules in Infrastructure, Water and Environment.
- Paris and Geneva 2004 - Various coordination meetings related to the production of the 2nd World Water Development Report, Chapter 13 "Ensuring Knowledge and Capacity"
- Cairo, June 2004 - Overall coordinator of the regional Workshop and Seminar on the Nile Basin Capacity Building Network (NBCBN).

2003

- Vienna, October 2003 - Presentation for International Atomic Energy Agency (IAEA)
- Kenya, June 2003 - Fact-finding mission on the establishment of a regional research cluster on Flood Management in Kenya as part of the NBCBN-RE network development.
- Uganda, June 2003 - In-country and regional research cluster node launch event on "Environmental Aspects of River Engineering" as part of the NBCBN-RE network development. Meeting with NBI.
- Indonesia, June 2003 - Facilitating a workshop on the "Development of a Capacity Building Network for Water Resources and Irrigation management" on request of

- Japan, March 2003 - the World bank, Jakarta.
- Presentation on the World Water Forum 3, Kyoto, Japan.
- Ethiopia, Feb/March 2003 - In-country and regional research cluster node launch event on “River Structures” as part of the NBCBN-RE network development.
- Egypt, January 2003 - In-country and regional research cluster node launch event on “GIS and Modelling” as part of the NBCBN-RE network development.
- 2002**
- Tanzania, November 2002 - In-country and regional research cluster node launch event on “Hydropower” as part of the NBCBN-RE network development.
- Sudan, Sept/October 2002 - In-country and regional research cluster node launch event on “River Morphology” as part of the NBCBN-RE network development.
- Egypt/Ethiopia July 2002 - Preparatory meetings for the establishment of a Nile Basin Capacity Building network in River Engineering.
- Egypt, Jan 2002 - Main organiser and facilitator of the workshop on “Establishing the Nile Basin Capacity Building Network for River engineering”. A four days highly interactive and participatory workshop with over 60 participants from all the 10 Nile basin countries and international donor community. Deliberations resulted in the Cairo Declaration approved and endorsed by all delegations.
- 2001**
- Egypt, November 2001 - Finalising the scenario book for the organisation of the Cairo workshop in January 2002.
- China, August 2001 - Developing a three years training program on “Management of Water Scarcity” for 15 mid-career professionals from 7 main River basin authorities of the Ministry of Water Resources of China. Selection of participants.
- Yemen, July 2001 - Drafting a proposal for a four year “Water and Environment Sector Support Programme” for Yemen in partnership with the Water and Environmental Centre of the Sana’a University.
- Egypt, June 2001 - Developing a framework for the organisation of a workshop on the establishment of the Nile Basin Capacity Building Network, in co-operation with the Hydraulic Research Institute in Cairo.
- Bangladesh, March 2001 - Member of the joint ADB-Netherlands Government Loan Appraisal Mission for the second Small-Scale Water Resources Development Sector Project (SSWRDSP-II).
- Egypt, March ‘00, Feb. 01 - Preparation of activities in view of the extension of the HRI project: the establishment of a Nile Basin Capacity Building Network for River Engineering (NBCBN-RE).
- 2000**
- Yemen, March, Sept, Oct ‘00 - Preparation and implementation of a Seminar on “Water and Environment in Yemen, The Need for Capacity Building”, Sana’a 28 and 29 October 2000 combined with backstopping missions for the Water and Environment Centre (WEC).
- China, January 2000 - Refresher course for IHE alumni on “Integrated River Basin and Floodplain Management for sustainable Development”, Beijing, 10-22

- January, 2000.
- 1999**
- Indonesia, Nov/Dec 1999 - Writing of a proposal for “Strengthening the Balai for Professional education in Water Resources Development”.
- Paris, June 1999 - Presentation on “Capacity Building in the Water sector in Africa”, International UNESCO Symposium.
- Sudan, July 1999 - Third Session of the Steering Committee Meeting of FRIEND/ NILE PROJECT in Khartoum during 4-6 July.
- China, April 1999 - Sino-Dutch Seminar on water management, 13-14 April, Beijing.
- Egypt, March 1999 - Advisory Board meeting on HRI; -Presentation on “The establishment of a Nile River Network” at the VII Nile 2002 conference, 15-19 March, Cairo.
- Yemen, March 1999 - Contribution to Business Plan for the Water and Environment Centre.
- 1998**
- Indonesia, July 1998 - Visit to the IHE-Indonesia representative office in Jakarta, Bipowered in Bandung and the regional ICID conference in Bali.
- Yemen, June 1998 - Signing the Memorandum of Agreement on the SUSIII project.
- Bangladesh, February 1998 - Participation in a Review Mission for the mid-term evaluation of the Early Implementation Project (EIP) and development of a first project idea for the follow-up of EIP and SRP, on request of the Netherlands Development Assistance (Neda).
- 1997**
- Yemen, December 1997 - Development of the main principles for the establishment of a Water and Environmental Research and Training Centre (WERTC) for the Sana’a University.
- Egypt, December 1997 - Visit to the Hydraulic Research Institute (HRI), Delta Barrage. Back-stop mission.
- Jordan December 1997 - Visit to the Water and Environmental Research and Study Centre (WERSC) of the University of Jordan in Amman.
- Yemen, October 1997 - Starting-up the bridging phase of the SUS programme.
- Netherlands, Aug/Sept 1997 - Organiser and course leader of a tailor-made short course on “Integrated Water Resources Management for Decision makers from China”, with participants from the Haihe, Huaihe and Liaohe river commissions and the Ministry of Water Resources.
- Bangladesh, June 1997 - Participation in a Review Mission for the mid-term evaluation of the Early Implementation Project (EIP), on request of the Directorate General for International Co-operation (DGIS) of the Netherlands.
- Thailand, May 1997 - Discussion with the Netherlands Embassy in Bangkok about the Training proposal for Cambodia.
- PR of China, April 1997 - Mid-term evaluation for the “Three Rivers” training project; Selection of topics and participants for the short course for decision makers. Identification of a new project on “Capacity Building for a China

- Bangladesh, March 1997 - Ground water Information Centre".
- Participation in the review mission of the Char Development and Settlement Project (CDSP) for the Netherlands Ministry of Foreign Affairs, the Directorate General for International Co-operation.
- Ethiopia, February 1997 - Presentation to the Nile 2002 conference, Addis Ababa, Joint paper with Dr. Saad HRI.
- Egypt, February 1997 - Advisory Board of the Regional Training Programme at HRI, Delta Barrage, Egypt.
- 1996**
- Egypt, December 1996 - Closing ceremony of the first regular 3-months course on "Hydraulic Engineering in River Basins" at the Hydraulic Research Institute (HRI), Delta Barrage. Back-stop mission.
- Yemen, December 1996 - Set-up of the framework of proposal for the third phase of the Sana'a University Support project (SUS III).
- South-Korea, November 1996 - Presentation on "The Netherlands experience with Land Reclamation" on invitation of the Organising Committee of the Seminar on Land Reclamation in the West Coast of Korea. Presentations were also given at the Hydraulics Laboratory of the Rural Development Corporation, and at the Water Resources Research Institute of KOWACO.
- Thailand, November 1996 - Discussion with the Netherlands Embassy in Bangkok about the Training proposal for Cambodia.
- Indonesia, Nov 1996 - Assistance to the Performance Improvement Project (PIP) Team for the Bipowered project. Presentation of the final document to the staff of the Directorate General of Water Resources of the Ministry of Public Works.
- Indonesia, Sept/Oct 1996 - Discussions with the top officials of the Ministry of Public Works of the draft findings of the PIP team
- Vietnam, September 1996 - Development of the proposal and the selection of candidates for the special group training on "Integrated Land and Water Development and Management in Vietnam" for staff of the Ministry of Agriculture and Rural Development (MARD) in Hanoi.
- Bangladesh, June/July 1996 - Participation in a Review Mission for the mid-term evaluation of the Early Implementation Project (EIP), on request of the Directorate General for International Co-operation (DGIS) of the Netherlands.
- Netherlands, May 1996 - Organising a tailor made short course on "Integrated water management planning" for 21 senior experts and officials of 11 different governmental institutes of Bangladesh.
- China, March 1996 - A project identification mission. Drafting project proposals with three institutes in China: The Ministry of Water Resources ("3rivers-3lakes" training project), the Ministry of Geology and Mineral Resources. Other contacts were made with the Ministry of Communications for training of Port Planners, with the National Environmental Protection Agency and the China University.
- 1995**
- Yemen, Oct/Nov 1995 - Back stopping mission for the SUS II project.

- Indonesia, August 1995 - Backstopping mission for the Bipowered V project.
- Israel, May 1995 - Participation in the Israel-Netherlands joint Seminar on Training of Professionals for Developing countries held in Shefayim; Presentation on "Capacity Building in Developing Countries". The seminar was a joint effort of DGIS of the Netherlands and Mashav, The Centre for International Co-operation of the Ministry of Foreign Affairs of Israel.
- 1994**
- Yemen, December 1994 - Support to the evaluation of the Sana'a University Support (SUSII) project.
- Yemen, October 1994 - Opening of the first M.Sc course in Water and Environmental Engineering at the Faculty of Engineering of the Sana'a University.
- Egypt, Sept/Oct 1994 - Project formulation mission (with Prof. I. Simmers) "To Strengthen the Training Capacity of the Hydraulics and Sediment Research Institute (HSRI)" Delta Barrage, Egypt. The mission was commissioned by the Directorate General for International Co-operation, Ministry of Foreign Affairs, The Netherlands.
- Bangladesh, January 1994 - Identification mission to establish an in-service post-graduate training institution in the field of Water Resources Management under the Ministry of Irrigation, Water development and Flood Control.
- Cambodia, February 1994 - Formulation of a project proposal "Strengthening the decision making capacity for Agricultural Water Management and Water Resources Development Authorities".
- Indonesia, February 1994 - Backstopping mission for the Bipowered Project.
- 1993**
- Libya, 1993 - Follow-up of Training course for engineers of the Great Man-made River Authority.
- Yemen, 1993 - Backstopping mission for the SUSII Project.
- 1992**
- Indonesia, 1992 - Backstopping mission for the Bipowered project; Opening of the first Specialist I course in Water Resources Development for staff of Ministry of Public Works in co-operation with ITB.
- Yemen, 1992 - Backstop mission for the SUSII project.
- 1991**
- Yemen, 1991 - Formulation of the project proposal of the second phase of the Sana'a University Support (SUSII) for the Directorate General of International Co-operation, Ministry of Foreign Affairs, The Netherlands with the Faculty of Engineering of the Sana'a University.
- 1990**
- Thailand, 1990 - FAO workshop on Irrigation Performance: "Institutional Aspects in Performance of Irrigation Systems" Steering committee meeting on a joint IIMI/ILRI/IHE research on performance assessment.
- Libya, 1990 - Curriculum development for a special training course for Engineers of the Great Man-made River Authority in Benghazi and Tripoli.
- 1989**
- Italy, April 1989 - Study tour with Indonesian Engineers of the Ministry of Public Works

- in Jakarta.
- Indonesia, 1985-1988 - Various field surveys in Java, Sumatra and Kalimantan
 - Indonesia, May 1985 - Preparatory mission of the Dutch preparatory committee for the organization of a Lowland Seminar.
 - Egypt and Israel, 1984 - Study tour with students of the Water management Group of the Civil Engineering Department of the Delft University of Technology.
 - Peru, October 1983 - Joint DGIS-WORLD BANK evaluation mission on the rehabilitation of coastal valleys
 - Portugal 1981 - Study tour
 - Surinam, November 1979 - Identification mission for the scientific co-operation between the University of Surinam and the Delft University of Technology
 - England and Wales 1977 - Study tour with students of the Delft University of Technology

Conducted Short Courses

- 1989 BIPOWERED Follow-up course for 25 students from the BIPOWERED course in Bandung, Indonesia
- 1996 Short Course on 'Integrated Water Management Planning' for Senior Water Sector Officials and Specialists from Bangladesh
- 1997 Short Course on 'Integrated Water Resources Management for Decision Makers' from three river basins in China
- 1999 Short Course on 'Integrated Water Resources Management for Decision Makers' from three lake basins in China
- 2005 Short Course on "Building Academic Co-operation and Developing Training Modules in Infrastructure, Water and Environment" for 20 staff of 10 Leading Universities in Indonesia
- 2005 Short Course on : 'Knowledge Management for Decision Makers from Iraq'

Symposia/Congresses

- 1982 Member of the executive and scientific committees of the international symposium "Polders of the World", Lelystad, The Netherlands, October 1982
- 1986 Research co-ordinator of the preparatory research for the symposium "Lowland Development in Indonesia", Jakarta, Indonesia, August 1986
- 1993 Member of the Executive Committee and chairman of the Exhibition Subcommittee of the 15th Congress of the International Commission on Irrigation and Drainage, ICID, The Hague, The Netherlands, 1993.
- 2007 Chairman of the Organizing Committee of the Symposium "Water for a Changing World, Enhancing Local Knowledge and Capacity", Delft 13 – 15 June 2007
